

# POOJA SAINI

## Frontend Developer (React.js & UI)

Email: pooja.saini12@gmail.com | Phone: +91 9953455706 | Location: Gurgaon, Haryana | Open to Remote  
LinkedIn: linkedin.com/in/poojasaini12/ | Portfolio: poojasaini12.github.io/pooja-react-portfolio/

### PROFESSIONAL SUMMARY

Results-driven UI & Frontend Developer with 9+ years of experience building responsive, pixel-perfect, and user-centric web interfaces. Proficient in HTML5, CSS3, JavaScript (ES6+), React.js, Bootstrap, and Tailwind CSS. Skilled at translating Figma and Adobe XD designs into high-performance web products. Experienced across hospitality, logistics, and SaaS domains. Adept with modern AI-assisted development tools including GitHub Copilot, Cursor AI, and ChatGPT to accelerate delivery and reduce debugging time. Comfortable working independently in remote environments with cross-functional teams.

| REST APIs       | REST API Integration, Component Libraries                                |
| Basic Knowledge | TypeScript, ReduxToolkit, Next.js                                        |

### WORK EXPERIENCE

#### UI Developer (Contract) | Anty Logistics | Mar 2025 – Feb 2026 | Remote

- Delivered 30+ responsive, pixel-perfect websites, consistently meeting branding guidelines and tight deadlines.
- Reduced layout inconsistencies by implementing advanced CSS techniques including clamp() for fluid typography and spacing across all screen sizes.
- Developed and maintained inner pages on a .NET-based CMS, collaborating with backend developers to ensure smooth API integration.
- Improved delivery speed by ~20% by leveraging AI tools (GitHub Copilot, Cursor AI) for code scaffolding and debugging.

#### Freelance Frontend Developer | Self-employed | Oct 2024 – Feb 2025 | Remote

- Worked on freelance UI projects and upskilled in React.js, TypeScript, and modern frontend tooling.

#### UI Developer | Mindrops Solutions (Client: eRevmax Technologies) | Oct 2021 – Oct 2024 | Remote

- Designed and developed responsive booking engine interfaces for hospitality and travel platforms, improving user flow and reducing form abandonment.
- Built 10+ wireframes, mockups, and high-fidelity prototypes in Figma and Adobe XD, shortening design-to-development handoff time.
- Created 15+ WordPress websites using Elementor, reducing build time by 30% through reusable template components.

- Developed marketing mailers and landing pages that supported campaign launches across multiple geographies.
- Collaborated with cross-functional marketing and IT teams in an Agile workflow to deliver on sprint cycles.

#### **Web Developer** | [Aquevix Solutions](#) | Sep 2018 – Sep 2021 | Office / Remote

- Led frontend development of a Warehouse Management System (KuberWMS) using React.js and Bootstrap, supporting 1,000+ warehouse operations.
- Migrated legacy HTML interfaces to a modern React-based component architecture, reducing codebase size by ~35%.
- Adopted Tailwind CSS and Adobe XD early, boosting UI development efficiency and design consistency across the team.
- Built and maintained 10+ client WordPress websites with custom theme modifications and plugin integrations.

#### **HTML Developer / Web Designer** | [Idigitie Pvt. Ltd](#) | Apr 2018 – Sep 2018 | Office

- Built responsive websites using HTML, CSS, and JavaScript, collaborating with designers to implement pixel-perfect UI components.

#### **Executive Web Designer** | [SunTec India Pvt. Ltd](#) | Apr 2016 – Oct 2017 | Office

- Created responsive layouts and UI components in HTML/CSS; ensured cross-browser compatibility and performance optimization across projects.

#### **Executive Web Designer** | [ELK Education Consultants](#) | Jan 2014 – Apr 2016 | Office

- Designed and developed UI layouts for education web platforms, delivering high-quality front-end aligned with business requirements.

### **KEY PROJECTS**

---

- Warehouse Management System (KuberWMS) — Built complete UI using React.js, Tailwind CSS, and Bootstrap; supports real-time inventory and dispatch workflows.
- Hospitality Booking Engine — Designed and developed responsive booking interfaces with Figma-to-code implementation for a global travel platform.
- 30+ Responsive Websites — Delivered pixel-perfect sites using modern CSS (clamp, grid, flexbox) for clients across logistics, education, and marketing sectors.
- Marketing Landing Pages — Designed and built high-converting landing pages with fast load times and mobile-first layouts.

### **EDUCATION & CERTIFICATIONS**

---

#### **Bachelor of Commerce**

Delhi University, New Delhi | 2007

#### **ADIM (Advanced Diploma in Interactive Multimedia)**

Arena Multimedia, New Delhi | 2007

**Certifications:** [Principles of UI/UX Design](#) | [React Basics](#)

### **ADDITIONAL INFORMATION**

---

- 9+ years working remotely with distributed teams across India and international clients.
- Strong problem-solving, debugging, and cross-browser testing skills (BrowserStack, DevTools).
- Familiar with SEO best practices and Core Web Vitals performance optimization.
- Experienced with Agile/Scrum workflows, sprint planning, and design handoff processes.
- Actively learning TypeScript, Redux, and Next.js to expand full-stack frontend capabilities.
